Where Are We?

Since 1977, Pet Friendly Services has partnered with vets across Indiana to provide free and low-cost spay/neuter surgeries for our clients. From big cities to small towns, we are helping Hoosier animals in need.

Pet Friendly Services of Indiana runs a statewide financial assistance program. Our organization addresses the root cause of shelter overpopulation by providing free spay/neuter surgery certificates to hundreds of rescue groups and shelters. Our programs also include working with limited-income families to ensure they can afford to fix their pets.

Our strategic programs are available to all animal welfare groups, from the smallest rescue organizations to the largest shelters.

Our Mission

Pet Friendly Services is Indiana's statewide leader in animal welfare, whose mission is to eliminate the euthanasia of adoptable cats and dogs through financial assistance, education, and advocacy.
