

PET FRIENDLY
SERVICES OF INDIANA™

2022 Annual Report

Finding Even More Ways to Save Lives!

2022 was another lifesaving year at Pet Friendly Services of Indiana! We recorded our 190,000th spay/neuter surgery in organization history, increased veterinary capacity in underserved areas, and continued to support Indiana's rescue groups and shelters in a time of dire need.

Pet Friendly Services has a small staff of just three people serving the entire state and seeking to make a world of difference. As we become aware of problems and opportunities, we're able to act quickly. In 2022 we launched the Pet Friendly Adoption Guide and the Pit Mix Fix program in response to concerns our supporters brought to our attention. We also greatly expanded *The FIX is IN!* program to spay/neuter cats across our state.

These new initiatives, combined with our existing core programs, comprise our multipronged, highly targeted approach to addressing shelter overpopulation. It's important to us to stretch donor dollars so we can save as many lives as possible. That's why we focus on spaying and neutering. It's the only humane way to reduce overpopulation, and each surgery is a fraction of the cost of sheltering unwanted animals.

**Your support means everything
to Indiana's animals.
They can't thank you, so we will!**

NEW INITIATIVES TO Love Them for Life

Pet Friendly Adoption Guide

Moving pets out of shelters is essential to saving their lives. After being asked “How do I adopt a cat/dog?” too many times, Pet Friendly Services launched the Pet Friendly Adoption Guide, a helpful tool to connect potential pet families with their new best friends. At www.AdoptINpets.org, potential pet owners can learn about adopting from a shelter or rescue. They can also find a list of over 300 shelters/rescues that Pet Friendly Services supports. The right pet is out there for everyone, and the faster we move them home, the more lives we save!

Pit Mix Fix

In early 2022, Pet Friendly Services was contacted by a concerned donor who was upset by the number of pit mixes and large dogs languishing in shelters. These dogs, at no fault of their own, can be difficult to place with adoptive families because of their size and strength.

With the help of our donors, Pet Friendly Services launched the Pit Mix Fix. The program offers

\$10 surgeries to income-qualified dog owners and will prevent hundreds of unwanted litters from arriving at shelter doors. What started as a pilot program in two zip codes has now grown to include Jackson, Lawrence and Marion counties, with plans to expand further as funding allows.

And Our Core Programs Keep on Rolling!

In 2022 our core programs fixed 12,712 cats and dogs across the state.

- The Pet Friendly Plate grant for rescue groups and shelters made 2,035 pets adoption ready.
- The Community Cat grant, for programs that practice trap-neuter-vaccinate-return, prevented 3,982 outdoor cats from having unwanted litters.
- Our Spay/Neuter Assistance Program helped 4,478 families afford a surgery for their beloved pet.
- *The FIX is IN!*, our partnership with the Public Vet mobile clinic, hosted 95 spay/neuter clinics in underserved areas of the state, performing more than 7,414 cat surgeries. Pet Friendly Services provided financial assistance for 2,217 of these surgeries.

Spread the Word to **SAVE LIVES!**

Did you know that the Pet Friendly License Plate has provided over **\$5 MILLION** for spay/neuter surgeries? Every penny that Pet Friendly Services receives from this plate goes directly to our lifesaving programs. If you already drive with the plate, **THANK YOU!** You're making a difference!

You can help us even more by encouraging your friends, family and associates to make the switch to the Pet Friendly Plate. Every plate purchased allows us to fund more surgeries.

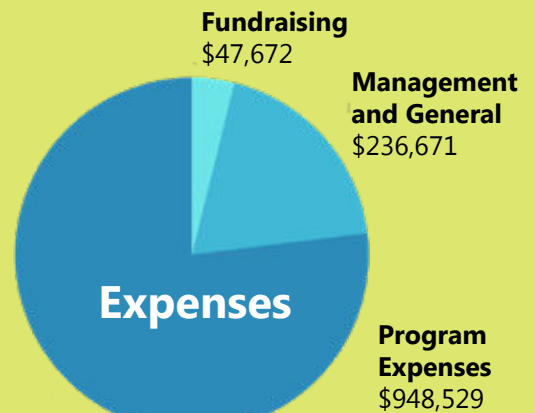

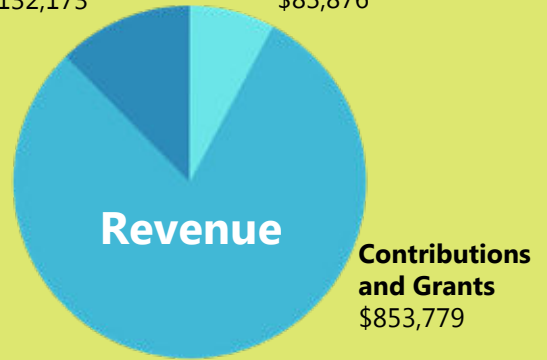

CAN YOU MAKE A **Lifesaving Gift** TODAY?

Like you, we love animals and are committed to helping them in any way possible. When you donate to Pet Friendly Services of Indiana, you can do so with confidence that we share your values and respect your donations.

We ask for your support because the animals cannot ask themselves. Your gift helps us answer their call!

2022 Revenue & Expenses

Program Revenue \$132,173
Fundraising \$83,876

Donate Online!
