Pet Friendly Services of Indiana - Participating Vet List

Select a vet based on the program you're utilizing. **SNAP** vets are for limited-income Hoosiers. The Pet Friendly Plate (**PFP**) vets are for rescue groups/shelters. Community Cat (**CC**) vets will perform surgeries for limited-income Hoosiers with feral/free-roaming cats and for rescue groups/shelters.

Some vets have very busy surgery schedules. Please make your appointment as soon as you receive your spay/neuter certificate, and be sure to mention you are using a certificate issued by Pet Friendly Services of Indiana.

NOTE: Some vets have additional charges. An * means they require additional vaccines. ****Extras means the vet promotes or requires extra services and fees.**
If using one of these vets be sure to call before you apply for your certificate.

Clinics in bold/green offer low-cost spay/neuter services to all pet owners and caretakers.

Need help transporting your pet to a clinic? The column with a **T/M** indicates clinics with **Transport or Mobile** programs. Check the clinic's website to learn more.
